

BIBLIOGRAFÍA CIENTÍFICA DE LAS PUBLICACIONES CON REFERENCIAS A LOS COPROLITOS DE DINOSAURIOS

Recopilada por el grupo Aragosaurus de Investigación de los Vertebrados del Mesozoico y del Cuaternario de la Universidad de Zaragoza (<http://www.aragosaurus.com/>). Las publicaciones del grupo Aragosaurus se encuentran en PDF en el apartado de artículos de nuestra página Web. En este listado se encuentran las publicaciones con referencias a coprolitos de dinosaurios.

Este PDF es de uso libre. La Referencia para las citas bibliográficas es:

Web Aragosaurus (2006). Bibliografía científica de las publicaciones con referencias a los coprolitos de dinosaurios. <http://www.aragosaurus.com/>, 3 pp.

Puesta al día hasta Marzo del 2006. Si conoces alguna referencia que no esté incluida, puedes ponerte en contacto con jicanudo@aragosaurus.com.
